Alternate plug according to your enquiry

Specification:

Diameter: 15 mm — Sensitivity: 92 dB
Max. Input power: 200m W — Unit Impedance: 32 Ohm

JD-EM2

Feature
1. Communicating privacy, avoiding bother anyone.
2. Earphone with patent earlap makes ear feel comfortable and not come off easily.
3. No-limited for right/left ear, available for any size of ear.

Alternate plug according to your enquiry

Specification:

Diameter: 15 mm — Sensitivity: 92 dB
Max. Input power: 200m W — Unit Impedance: 32 Ohm

JD-EH5

Feature
1. Communicating privacy, avoiding bother anyone.
2. Earphone with patent earlap makes ear feel comfortable and not come off easily.
3. No-limited for right/left ear, available for any size of ear.

Alternate plug according to your enquiry

Specification:

Diameter: 15 mm — Sensitivity: 92 dB
Max. Input power: 200m W — Unit Impedance: 32 Ohm

JD-EH6

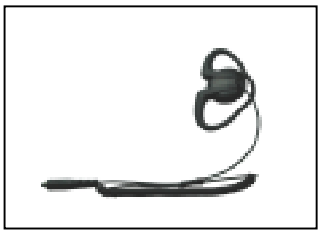
Feature
1. Communicating privacy, avoiding bother anyone.
2. Ear cover designing. It is more safety for your listening.
3. No-limited for right/left ear, available for any size of ear.

Alternate plug according to your enquiry

Specification:

Diameter: 23 mm — Sensitivity: 81 dB
Max. Input power: 200m W — Unit Impedance: 32 Ohm

JD-ED7



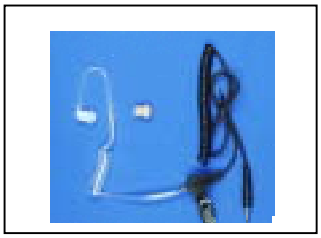
Feature
1. Communicating privacy, avoiding bother anyone.
2. Ear cover designing. It is more safety for your listening.
3. No-limited for right/left ear, available for any size of ear.

Alternate plug according to your enquiry

Specification:

Diameter: 23 mm — Sensitivity: 81 dB
Max. Input power: 200m W — Unit Impedance: 32 Ohm

JD-ET4



Feature
1. High quality acoustic tube provides clear audio well.
2. Transparent coil tube much suitable for security worker
3. No-limited for right/left ear, available for any size of ear.

Alternate plug according to your enquiry

Specification:

Diameter: 15 mm — Sensitivity: 92 dB
Max. Input power: 200m W — Unit Impedance: 32 Ohm

Microphone

JD-MIC1

Feature
1. It is easy carrying, simply using.
2. Unitary function could be use, separable or/and together with earphone.
3. A tiny thumb size microphone do not find out it's exist.
4. A small lapel/pocket clip secures it to your shirt.

Alternate plug according to your enquiry

Specification:

Type of Element: Non-directional Electric condenser
Sensitivity: -58 dB , Unit Impedance: 2K Ohm
