

ABS Keyfob

Our ABS keyfob is a transponder consisting of a chip and a coil-antenna in the robust ABS material.

Our ABS keyfob guarantees outstanding performances. Customized design such as shape, size, material, color and chip are available on request.

**Customized Services****Serial number printing**

We supply injet number printing service on tag surface

Silk printing on ABS keyfob

We supply silk screen printing for ABS tag

Programming&Encoding

Depending on our production line, we provide this services which exactly fit client's programming or encoding requirement.
