

Measuring method: Amperometric technology using glucose oxidase

Measuring range: 20mg/dl ~ 600mg/dl (1.1mmol/L~33.3mmol/L)

Memory volume: 160 times with time and date displaying

Power source: DC3V (AAAx2 batteries)

Blood Volume: Minimum 1 μ L.

Test time: 5 seconds

Machine size: 112 x 50 x 22 (mm)

Machine weight: 60g (exclude battery)
