

**TD020G3N042E**

## **14W pure white** LED down light

### **Electrical characteristics:**

- \* Working voltage: 85-260V AC
- \* Power consumption: 14W
- \* Luminous flux: 1000lm or custom design
- \* Power factor : >0.9
- \* Light source: 2 x 7W high power SMD LEDs.
- \* Working temperature: <60°C (Ambient temp.: 28°C)
- \* Fixture material: Die-cast Zinc Alloy
- \* Aluminum alloy heat-sink.
- \* Viewing angle: 140°
- \* Dimension ( L × W × H ) : 200 × 200 × 115mm
- \* Ceiling hole: 190mm

### **Description:**

- \* High luminance.
- \* Low power consumption.
- \* Long life.
- \* Available in white and warm white.
- \* Easy to install.
- \* Ideal for general lighting.
