

Specification of Changfa Water Pumps

| Model | CWD40XL | CWD40XLE | CWD50XL | CWD50XLE |
|-----------------------------|---|---|---|---|
| Picture |  | |  | |
| Discription | Diesel engine, Large fuel tank, High pressure | Diesel engine, Large fuel tank, High pressure | Diesel engine, Large fuel tank, High pressure | Diesel engine, Large fuel tank, High pressure |
| Discharge port diameter(in) | 1.5" | 1.5" | 2" | 2" |
| Cont. Capacity (L/min) | 400 | 400 | 600 | 600 |
| Cont. Head(m) | 45 | 45 | 50 | 50 |
| Max Suction Head(m) | 6 | 6 | 6 | 6 |
| Rotation Speed(rpm) | 3600 | | | |
| Fuel Capacity(L) | 12.5 | 12.5 | 12.5 | 12.5 |
| Fuel Consumption (g/kwh) | 530 | 530 | 435 | 435 |
| Dimension(mm) L*W*H | 545*460*625 | | 575*480*700 | |
| Net Weight(kg) | 46 | 46 | 69 | 69 |
| Engine | CF178 | CF178 | CF186 | CF186 |
| 20'Container | 120 | 120 | 112 | 112 |

- To guarantee the high quality, we use Bosch injector, Japan NSK bearing and Taiwan piston on our air-cooled series products. All of these and strict quality control system ensure Changfa products good performance.
- We keep one year quality guarantee for all products, if main spare parts such as crank shaft, piston, cylinder head, block and side cover are broken because of quality defect, we supply new ones free of charge.
