

Model:		GSM-188B V20	Part No. :		Features		
Description:		Wireless Fixed Terminal+GPRS Function				<ol style="list-style-type: none"> Support 850/1900 and GSM900/1800 MHz optional Data Service, GPRS, Connect to a computer by USB port optional Rapid-dial number digit & CID setting Call restriction Reverse metering signal DTMF CLIP Lock up function: SIM card, Phone Available for being connected to the PBX as a wireless trunk Support to select whether or not send my caller identity Support Auto Dial out Wait Time ABS body housing (both top and bottom) Wall mountable External Omni directional Antenna with cable 	
							
Technical Parameter							
Operating Requirements							
1 Colors:		Opional					
2 Net Weight (Kg):		0.561 without battery					
3 Gross Weight (Kg)		0.713 without battery					
4 Piece by Carton:		10					
5 Product Size(mm)		219*160*41					
6 Packing Size (mm)		228* 264 *44					
Price Info.							
1. PSTN access is optional							
<ol style="list-style-type: none"> Antenna: osculum antenna and normal antenna optional, Osculum antenna: 3m cable Normal antenna: size 210mm 							

FXS	RJ-11*2		Antenna interface	SMA
USB interface	USB		Power supply interface	1
FOB	Hongkong		MOQ	3K

Technology Parameter

- 1 Operating Freq.:GSM850/1900 MHz automatically switch
- 2 Power output: Max 2W(900MHz)/Maz 1W(1800MHz)
- 3 Channel interval:200KHz
- 4 Receive sensitivity:<-100dBm
- 5 Freq. error:<=0.1ppm
