

Offline UPS

GP Series

500VA~1000VA

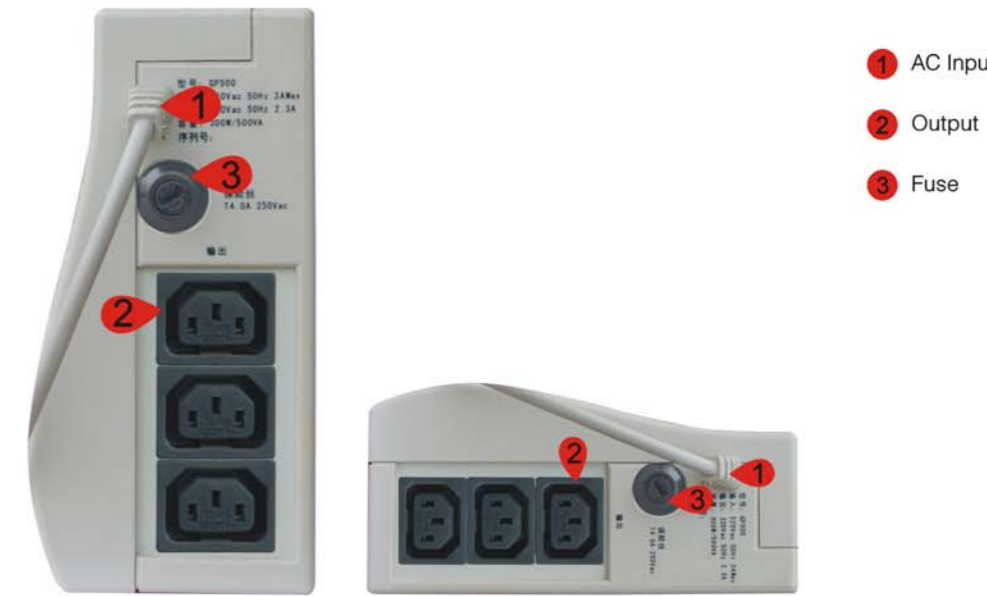

Ideal applications
Home PC, SOHO, small scale exchange, supermarket POS machines, workstation and peripheral devices

- High Frequency Technology
- Space – minimized Design
- Simple installation and Operation
- High reliability
- Cost – Efficiency

GP Series is specially designed for PC users. This series is also suitable for use with computer peripherals or POS and will become an attractive piece of equipment in the office or at home. Committed to EAST's objective of 'Quality First', the GP Series adopts the latest SMT technology plus EAST's on-line UPS high frequency technology to achieve a technical breakthrough of 40KHz operating frequency. Its dimensions and weight have been reduced dramatically. Besides its space-saving compact size, these UPSs also impress you with their elegant appearance. The one-piece plastic housing in asymmetric streamlined design adds to the convenience for use by individual and home users.

◆ Rear Panel

Specifications		GP series	
Product Series			
Model	GP500	GP1000	
Rated Power	500VA/300W	1000VA/600W	
Input	Nominal Voltage	220 / 230 / 240VAC	
	Voltage Range	165~265VAC	
Output on Battery	Voltage	220 / 230 / 240V ± 10%	
	Frequency	50Hz ± 1Hz	
Battery	Type	Sealed Lead-Acid, Maintenance-free battery	
	Capacity	12V7Ah	
	Back-up time (half load)	7min	
	Recharge time	10 hrs max.	
LED indicators	Status	Normal , Back up, Battery low, Fault	
	Battery discharge	Beeping sound every four seconds after utility power fails. Every second if battery approaches final discharge	
Audible alarm	Fault	Continuous beeping sound	
Output receptacles	Type	IEC320 or NEMA5-15R	NEMA5-15R
	Quantity	3 pieces	3 pieces
Environmental	Operating Temperature	0 ~ 40°C	
	Relative Humidity	20% ~ 90% non-condensing	
Weight	Net/Gross (kg)	3.3/3.9	6.5/7.0
Dimensions	W x D x H (mm)	80 x 230 x 177	91 x 280 x 238
