

Makers boost compatibility, performance

Typical features

- **Plugs:** The majority of China suppliers offer universal sockets for EU, US, UK and AU standards. Several units come with replaceable socket accessories.

- **Protective circuitry:** Most USB cell phone chargers are equipped to prevent overvoltage and -current, and short circuit. Makers turn to local providers for the IC and other electronic components.

- **Ports:** Mainstream models have USB, Mini-USB or Micro-USB ports with 5V 300mA to 1A output. High-end types integrate two USB ports delivering 5V 3.1A output. Some versions have a battery charging slot.

- **Housing:** Manufacturers typically employ ABS or combination PC and ABS. High-end kinds adopt fire-resistant materials and RoHS-compliant plastic.

Price range (per unit)	Basic features
\$0.50 to \$2.90	100 to 240V input at 50/60Hz; 5V 500mA to 1A output; overcurrent, -heating, short-circuit protection; EU, US, AU, UK plugs; LED indicator; CE, RoHS, UL, FCC, CSC
\$3 to \$7	100 to 240VAC input at 50/60Hz; 5V 500mA to 1A or 5V 500mA to 1 or 2.1A output; overcurrent, -heating, short-circuit protection; EU, US, AU, UK plugs; LED indicator; optional AC sockets, universal connection cable set; CE, RoHS, UL, FCC, CSC

Top trends

- **Enhanced compatibility:** China suppliers are providing universal chargers to meet diverse requirements. Sockets based on EU, US, AU and UK standards are often bundled. USB charger adapters that support Micro-USB and Mini-USB, and connectors for the iPhone are also offered.
- **Dual ports:** Manufacturers are releasing units with dual USB ports that enable simultaneous charging of two devices. Mainstream USB cell phone chargers have 1A output for iPhone or smartphone charging and 2.1A for iPad and tablet PCs. Some models have built-in lithium batteries for added charging option.
- **Export projection:** Most makers anticipate revenue to remain unchanged in 1Q12 despite a 5 to 15 percent drop in sales in Europe. To boost margins further, some enterprises are exporting USB cell phone chargers for car use or exploring emerging markets such as South America.
- **Price outlook:** Quotes are projected to stay at current levels in 1Q12, thanks to stable raw material costs.

[Guangzhou Wonplug Electrical Co. Ltd](#)

★★★★☆

Model: WP-300A

Description: 250V rated voltage; 3A rated current; 5V 1A output; UK, US, EU, AU plugs; ABS housing

[INQUIRE NOW](#)

[Jiale Electronic Co. Ltd](#)

★★★★☆

Model: JL-U610

Description: 12 to 24V input; 5V 700 to 1,000mA output; for mobile phones, PDAs, cameras, MP3/MP4 players

[INQUIRE NOW](#)

[Shenzhen Cono Technology Co. Ltd](#)

★★★★☆

Model: CN-02

Description: 100 to 240VAC 50/60Hz input; 5 to 5.5VDC output; 100 to 1,000mA output current; CE, RoHS

[INQUIRE NOW](#)

[Shenzhen Jingrichang Electronic Technology Co. Ltd](#)

★★★★☆

Model: JT-H05100

Description: 100 to 240V input; 5V output; 500mA output current; EU plug

[INQUIRE NOW](#)

[Shenzhen OYG Industrial Co. Ltd](#)

★★★★☆

Model: QC3000

Description: 100 to 240VAC 50/60Hz input; 5VDC 1A output; Li-polymer battery; 3.7V 3,000mAh capacity

[INQUIRE NOW](#)

[Shenzhen Winkeen Electronics Co. Ltd](#)

★★★★☆

Model: ST-USB2A05

Description: 110 to 240V input; 5V 2.1A output; interchangeable plugs; for various mobile phones, iPhone, iPad; CE, RoHS
